

From your Internet Explorer click on Tools → Internet Options.

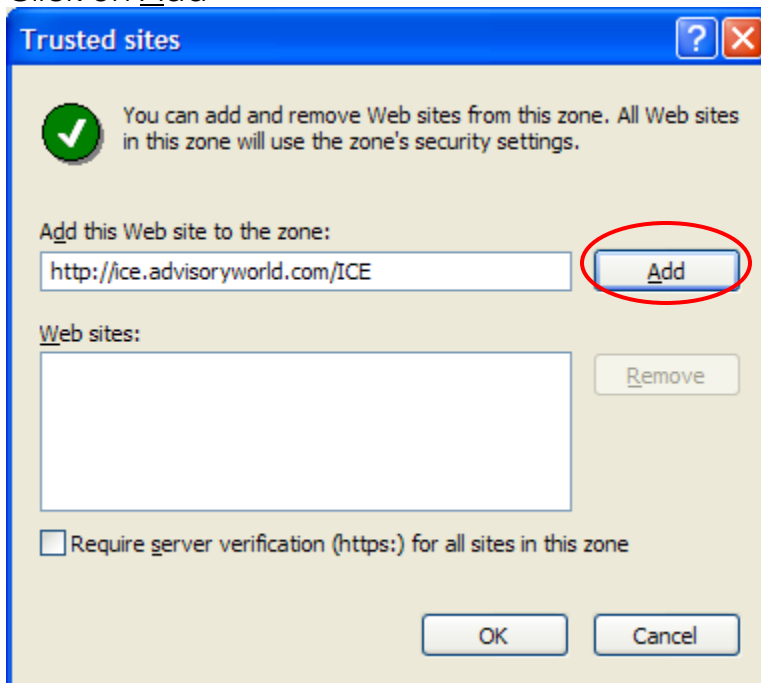

Click on the Security Tab → Click on Trusted Sites → Click on Sites.

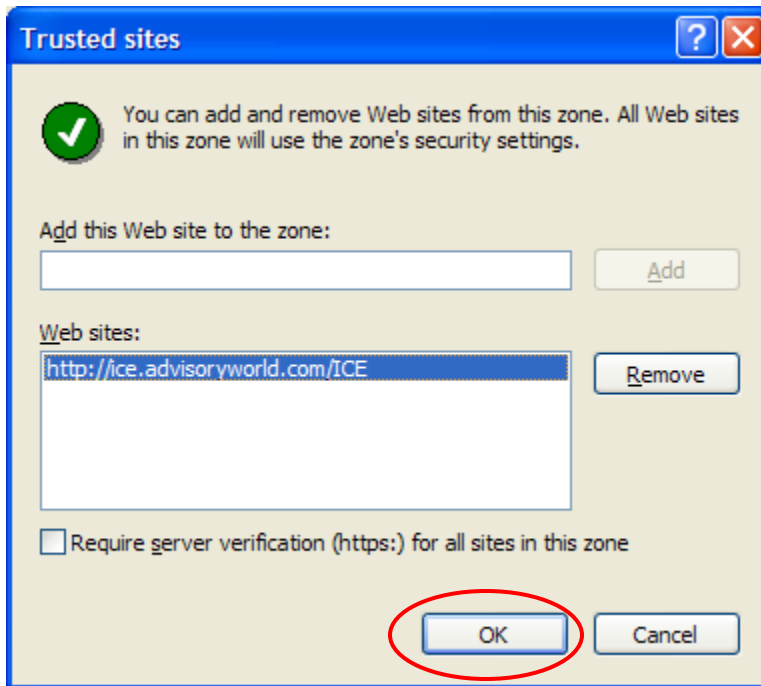

Remove the check from the "Require server verification (https:)" →  
Type `http://ice.advisoryworld.com/ICE` into the "Add this... zone" field.

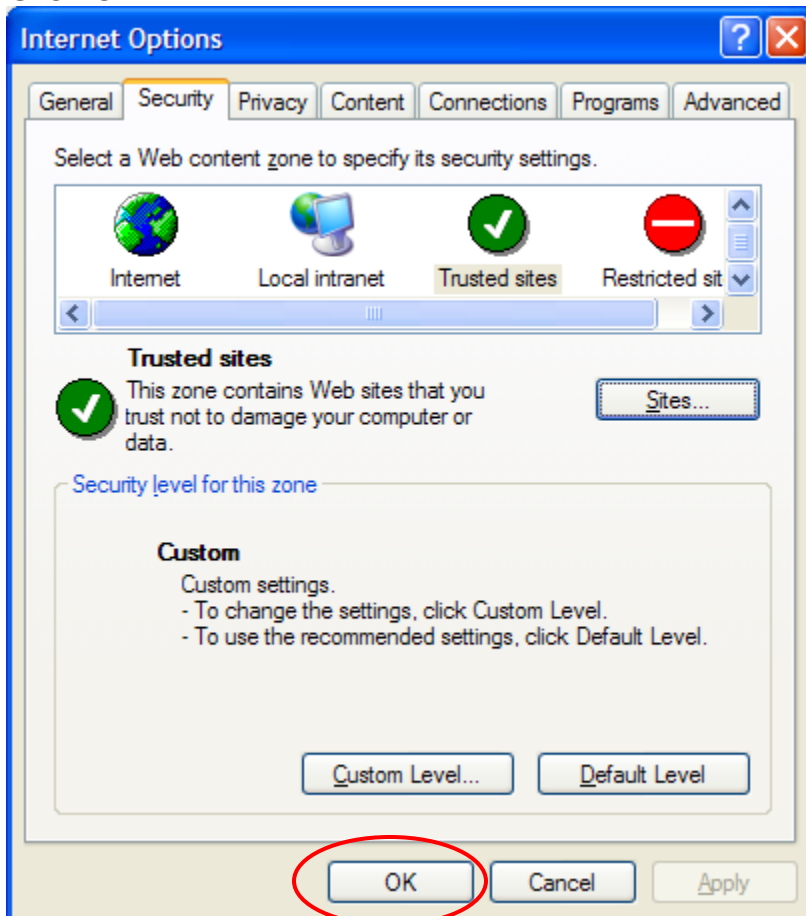

Click on Add

Click OK

Click OK

ICE is now listed as a Trusted Site and your Internet Explorer is configured to properly handle the web-application.
